

# Data sheet Product SK 642 50 SA

Heatsinks and active heatsinks for processors>Heatsinks for LEDs

Ø 100 mm, for IC design LED

- suitable for LEDs:  
Osram PrevaLED, Philips Lumileds and Luxeon, Prolight Opto, Sharp Mega Zenigata, Vossloh Schwabe Luga Shop and Industrial as well as all further Zhaga compliant LED modules with a mounting hole spacing of 35 mm
- special designs, surfaces and modifications to customer specification on request

## Features

|                     |                                                                                                             |
|---------------------|-------------------------------------------------------------------------------------------------------------|
| way of fixation:    | <ul style="list-style-type: none"> <li>• therm. conductive foil</li> <li>• therm. cond. adhesive</li> </ul> |
| length:             | 50 mm                                                                                                       |
| thermal resistance: | 0.95 - 2.4 K/W                                                                                              |
| surface:            | black anodised                                                                                              |

## Technical Drawing
