

## Product information

Erem®

EROP331

Code No. : EROP331

Tip cutter

Tip cutter, flush cut, burnished, ESD safe, max. Cu 1,5 mm, 120 mm, 81 g

## Marketing Texte

<b>Long description</b>	Tip cutter, flush cut, burnished, ESD safe, max. Cu 1,5 mm, 120 mm, 81 g
<b>Short description</b>	Tip cutter

## Packaging information

<b>Shelf pack size (Units per shelf pack)</b>	Single
---	--------

## Technical Data

<b>Cut type</b>	Flush
<b>Head size</b>	Medium
<b>Hardness classes</b>	Soft
<b>Head shape</b>	Tip Cutters
<b>Hardening type</b>	Induction
<b>Handle / grip material</b>	Foam coated
<b>Operation mode</b>	One-handed
<b>Material hardness</b>	Cu
<b>Material to be cut</b>	Metal
<b>Steel type</b>	Tool steel
<b>Surface finish</b>	Anti-glare
<b>Services available</b>	Sharpening and Spare parts

## Erem Technology

- Internal patented Erem Magic Spring: for constant spring force and more than 1 million cutting cycles guaranteed
- High Precision screw joint: for smooth cutting action and wobble free operation with no blade overlap
- Introduction hardened blades in Rockwell hardness 63-65 HRc: for exceptionally long life
- EMOS maximum opening stop: Reduces operator fatigue by preventing excessive hand spread

<b>Material Diameter or thickness MAX</b>	1.5
<b>Material Diameter or thickness MIN</b>	0.03
<b>ESD safe</b>	No
<b>Opening spring</b>	No
<b>Handle cushioned</b>	No
<b>Slip stop</b>	No
