

NCJ6FA-H-DA

3 pole XLR female receptacle with 1/4" stereo jack, horizontal PCB mount, asymmetric push.

XLR / jack hybrid chassis connector combining 3 pole XLR receptacle and 1/4" jack in the smallest available XLR housing. With the asymmetric push an additional space saving of approx. 20 % can be achieved.

Features & Benefits

- Combined 3 pole XLR receptacle and 1/4" TRS phone jack for balanced mic and line or instrument inputs in one XLR housing
- Two connectors in one housing - substantial cost, material and labour saving
- Front panel cut-out compatible with Neutrik XLR A Series
- For space sensitive applications - 20 % space saving
- Very low conductor capacitance - ideal for digital audio
- Branded with unique hologram - guarantees genuine and authentic Neutrik product
