

# Data sheet Product SK 498 300 AL

Cooling aggregates>High-performance heatsinks  
for forced convection, mounting area(s) milled flat

## Features

|                     |                                                                                                                |
|---------------------|----------------------------------------------------------------------------------------------------------------|
| width:              | 215 mm                                                                                                         |
| height:             | 76 mm                                                                                                          |
| length:             | 300 mm                                                                                                         |
| thermal resistance: | 0.077 - 0.038 K/W                                                                                              |
| surface:            | aluminium natural/degreased/cutting edges not deburred (by the metre not degreased/cutting edges not deburred) |

## Technical Drawing
