

Data sheet Product SK 121 1000 AL

Profile heatsinks and liquid coolers>Standard extruded heatsinks
112 x 67,5 mm

Features

width:	112 mm
height:	67.5 mm
plate thickness:	10.5 mm
length:	1000 mm
thermal resistance:	1.4 - 0.5 K/W
surface:	aluminium natural/degreased/cutting edges not deburred (by the metre not degreased/cutting edges not deburred)
custom processing:	• individual CNC machining • desired length

Technical Drawing
