

## Product information

# Weller®

**WP 120**

Code No. : **T0052919399**

Fast Response Heating Technology

Soldering iron WP 120, 120 W, 24 V with soldering tip XT B

Allrounder with 120 watts. For soldering applications from small to large components with high temperature demand.

### Technical data

<b>Voltage (heater):</b>	24 V
<b>Heating output:</b>	120 W
<b>Heat-up time:</b>	ca. 14 sec. 50°C - 350°C (120°F - 660°F)
<b>Temperature range:</b>	50°C - 450°C (120°F - 840°F)
<b>Tip type:</b>	XT series, XT soldering head series
<b>Connectable to:</b>	all power units from 120 W WD 1M, WD2M, WR3M

Fast Response Heating Technology

- Beneficial soldering tip prices
- Max. heating transfer
- Soldering tip in optimized sensor position
- Fast reaction time

Due to an optimized sensor position a high performance is given. With a wide range of beneficial soldering tips these tools are an alternative to the micro soldering irons.
