

Product Change Notification

PCN No.	Quectel_PCN_2023032405	Date of Issue (DD/MM/YYYY)	24/03/2023
----------------	------------------------	--------------------------------------	------------

1. General Information

Type of Change	Design Change
Description of Change	For LC86G module: Quectel will change the internal hardware design in order to support an external antenna (active or passive) and upgrade the firmware version accordingly. The module can support either the external or the integrated antenna.
Reason for Change	In order to make the product more versatile and to respond to new product requests from customers, Quectel adds the new feature to support an external antenna that automatically switches with the internal antenna.
