

Data sheet | Item number: 2787-099/000-001

Power supply; Pro 2 IO-Link Bundle; 1-phase; 24 VDC output voltage; 5 A output current; TopBoost + PowerBoost; communication capability

www.wago.com/2787-099/000-001

Item description

Short description:

- Bundle version. Power Supply Pro 2 (2787-2144) incl. Communication Module (2789-9080)
- Nominal current 5 A
- Efficiency up to 93.8 %
- TopBoost provides up to 600 % of additional output current for 15 ms
- PowerBoost offers up to 150% of output power for five seconds
- Configurable overload behaviour and electronic circuit breaker function
- Configurable DI/DO interface and load management
- Communication module provides configuration and monitoring via fieldbus systems
- cULus (acc. UL 61010)

The WAGO IO-Link Configurator is standalone commissioning, configuration and management software for the WAGO Field I/O System's IO-Link Master and Hubs.

It supports all IO-Link devices per the IO-Link specification and allows automatic download of IODDs via integrated IODD Finder.

Register now and test our engineering software for 30 days at no cost.
