07890200	SKKH 323/18 E
07890210	SKKT 323/12 E
07890220	SKKT 323/16 E
07894800	SKKT 323/16 E L
07890230	SKKT 323/18 E
07890240	SKKD 353/12
07890250	SKKD 353/16
07890260	SKKD 353/18

**Description
of change:**

Power hybrid (example)

The power hybrid production will be transferred from SKD to SKSK.

The manufacturing process will be slightly adopted: the solder resist (green marking in picture above) will be applied by the supplier, not by SEMIKRON.

All other processes, materials, electrical and mechanical parameters remain unchanged.

Reason for change:

Up to now the power hybrid production is done in SKD. After this, the power hybrids are sent to SKSK for module production.

In the future the entire module production will be done in SKSK, starting from the power hybrid production up to the module production.

**Identification
of change:**

Date Code

**Time schedule
for change:**

Week 36 / 2016

**Supporting
documentation:**

A qualification report is available on request.
