

# Data sheet Product ICK S R 40 x 50

Heatsinks and active heatsinks for processors>Pin heatsinks

Ø 40 x 50 mm, pin heatsinks round

## Features

|                              |                                                                                                             |
|------------------------------|-------------------------------------------------------------------------------------------------------------|
| design:                      | round                                                                                                       |
| way of fixation:             | <ul style="list-style-type: none"> <li>• therm. conductive foil</li> <li>• therm. cond. adhesive</li> </ul> |
| socket:                      | universal                                                                                                   |
| suitable for processor type: | universal                                                                                                   |
| diameter:                    | 40 mm                                                                                                       |
| height:                      | 50 mm                                                                                                       |
| plate thickness:             | 3.5 mm                                                                                                      |
| weight:                      | 48 g                                                                                                        |
| thermal resistance:          | 4.5 - 0.8 K/W                                                                                               |
| dissipation loss:            | 13.33 W                                                                                                     |
| surface:                     | Al-natural                                                                                                  |
