

Product information**Weller®****T-piece 50 2 x 90°****Code No. : T0053634499****Pipe System 50****T-piece 2 x 90°, 0,5 m, with 3 seals, plastic, PEHD black****Pipe System 50 - Tip Extraction**

Tip extraction systems demand a high value and constant level of vacuum across the installation, the volume of air extracted is of lesser importance. To achieve this it is necessary to use a pipe system with relatively small diameter.

The Weller pipe system 50 allows extraction installations of up to 200 m when used with the WFE 20D unit in a stand alone system. The pipe sections are designed to stick together and have internal sealing bushes. In a central system, the FE irons are connected directly to the fume extraction units.

*PEHD - Polyethylen high density
