## Product Change Notification – 862 Series PCN 2021-06-862

Dear Sir or Madam,

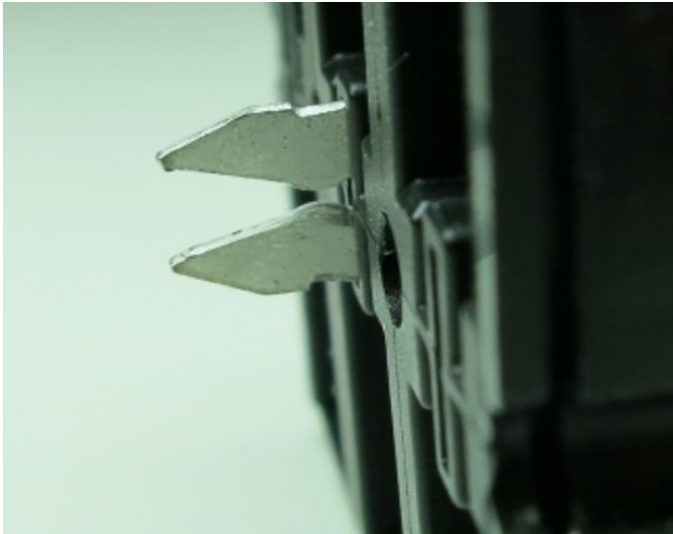

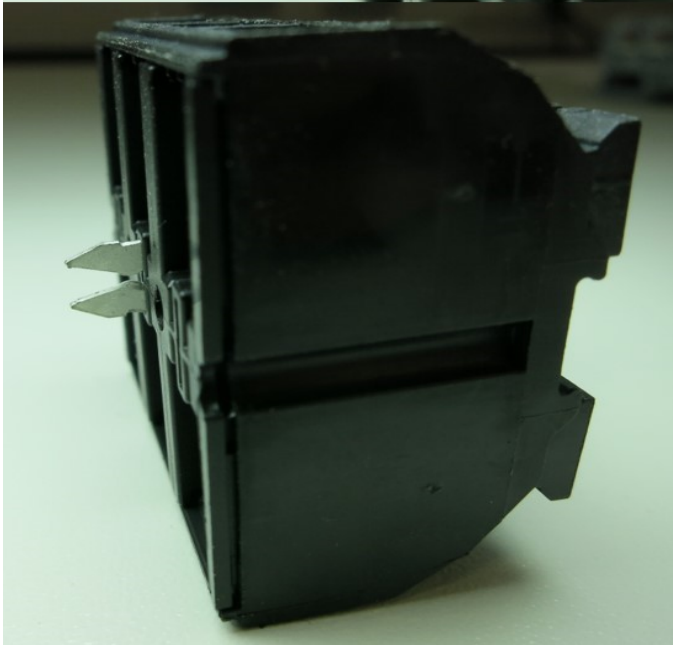

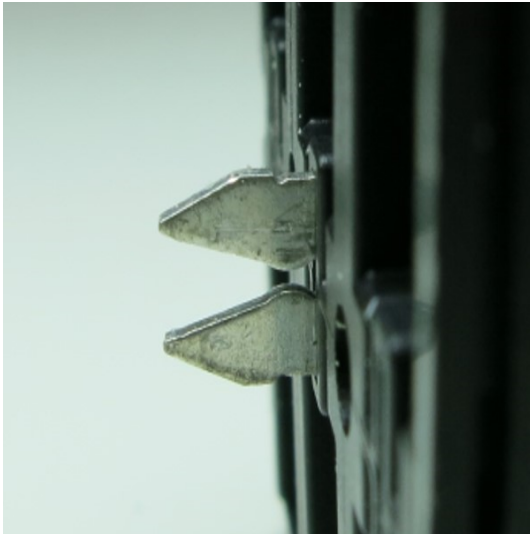

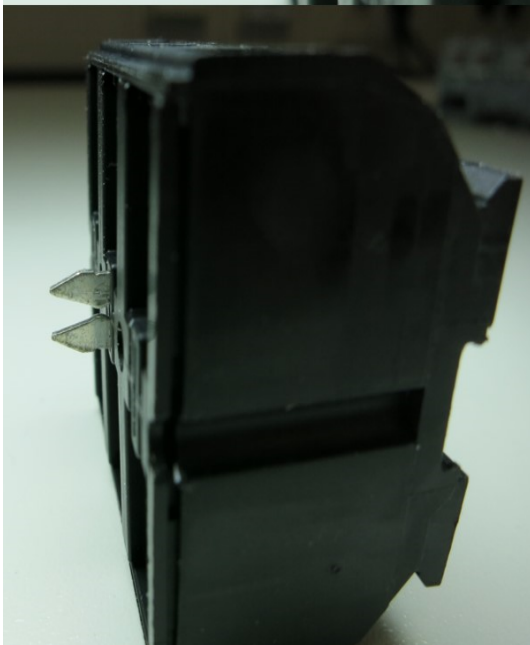

with this letter we inform you about the following product changes of **chassis-mount terminal strips with ground contact of 862 series**

1. Change description
2. Concerned items
3. Technical data and certifications
4. Changeover schedule

---

### 1. Change description

The ground contact of the chassis-mount terminal strips with ground contact of 862 series will be available in future with a glossy alloy instead of matt alloy. The used material – tin remains the same only the surface properties of this alloy will change. This won't change the areas of application or way to use these terminal strips. The visual differences are shown in the following images:

Current version – Mattl alloy	Future version – Glossy alloy
 	 

## 2. Concerned items

The item numbers will stay the same. The concerned items (which your company had bought) are:

862-8533

862-9593

862-9693

A delivery of both versions is possible.

## 3. Technical data and certifications

The technical data of the new versions are identical to the current versions. UL and EN / IEC certifications data are identical and certifications remain valid.

#### **4. Changeover schedule**

The changeover is scheduled for the next 6 month and will be executed without further notice.

Best regards,

WAGO Kontakttechnik  
Gesellschaft m.b.H.
