27th February 2026

End of Life announcement – See product list as attached

Due to unavailability of key components and low sales of the captioned models in the past few years, the following models of TDK-Lambda products will be discontinued with immediate effect. This will also improve production efficiency and sustainability of the product line.

We realise that some customers who have purchased this model in the past might have the need to purchase additional identical units either as spares or to use where they have been design-in to OEM equipment. Therefore we are offering a “last time buy” opportunity while stock lasts for these affected models and as per the dates in the table below:

LS series

Obsolete model	Last order date	Final ship date	Replacement
All wattages (25-200)			
3.3V	31 Aug 2026	28 Feb 2027	NA
36V	31 Aug 2026	28 Feb 2027	NA
Option/Modified model as per the attached list	31 Aug 2026	28 Feb 2027	NA

Please understand that these orders would be non-cancellable and non-returnable.

For further assistance, please contact TDK-Lambda Singapore Sales department, Tel +65 6251 7211, Fax: +65 6250 9171 or your usual field sales contact. Our technical helpdesk is also available on this number or via our web-site at <http://www.sg.lambda.tdk.com> where you can also find data on all of our current products.

We thank you for your kind understanding and continued support on our products.
