

CEM22 electronic housing is realized for connections up to 16 poles.

CEM22-V-N housing, with 2 horizontal boards inside, is designed to fit euroclamp **PV04-5-LS/LD-GY** headers + **SH04-5-GY** plug-in connectors (wire section of 2,5sqm)

They allow the possibility to reduce the number of connections down to 4, 8 or 12 poles keeping same protection level of inner components.

The wide inner space allows the use and mounting of a high number of electronic components.

Special colours, modifications on upper cover and imprintings are available on request.
