

DRY LUBE - F

Reference: 10257

1. General description

Grease and oil free lubricant for the lubrication of wooden, plastic or metal surfaces. Clean, dry and not sticky. Resistant till 250°C.

2. Features

- Particularly suitable for use in areas where a wet film lubricant cannot be used due to possible environmental dust and dirt adherence.
- Clean, dry and non-oily.
- Functional over a wide temperature range.
- Produces a very low coefficient of friction.
- High temperature resistance.
- Safe on most rubbers, plastics and coatings. Test on sensitive or stressed materials before use.

3. Applications

- Plastic drives and sliding mechanisms.
- Fine mechanics.
- Pneumatic tools.
- Precision instruments.
- Valves.
- Surface treatment.
- Particularly suitable in low load, low speed applications.

4. Directions

- Shake well before use.
- Shake until the agitator ball moves freely in the can.
- To remove residues or excess product, use one of the CRC cleaners.
- Spray from a distance of approximately 20 30 cm.
- Allow to dry at room temperature.
- Do not use on energized equipment.
- To remove residues or excess product, use one of the CRC cleaners.
- \bullet A safety data sheet (MSDS) according to EC Regulation N° 1907/2006 Art.31 and amendments is available for all CRC products.
- Based upon the present state of our knowledge and information received from our suppliers, evaluation of this

product indicates that it is free from nut oils and their derivatives.

5. Typical product data (without propellant)

Appearance Propane/butane propelled liquid.

Color White.

Odor Characteristic odor.

Density 0.73 g/cm3 (@ 20°C).

Operating temperature active product -150 to +260 °C

Solubility Insoluble in water

6. Packaging

Aerosol 12x400 ML
