# PTM

## CABLE MARKER HOLDER WITH WINGS

- Transparent sleeve with wings for easy mounting on cables or wires by using cable ties

- Marker tags such as PFC-cards or PP-profile fits inside the sleeve pocket.

- The marking labels/tags are printed on site by using MK3 or MK9 printers.

*PP-profile + a PTM10 sleeve, mounted on a cabler.*

*The design with wings makes it easy to mount it on wires, cables etc. by using only one cable tie.*

## GENERAL INFORMATION

### Design
PTM is a marker holder with a pocket to hold marker tags of types PFC or PP. The design with wings makes it easy to mount it on wires or cables by using cable ties.

### Ink with transparent sleeves
When using ink it is very important that you only use ink, tags and sleeves from Partex.

You may get a poor readability after a while if you combine ink, tags or sleeves from other suppliers with a Partex product. This is something Partex can't be responsible for.

## FACTS

### Material
Cadmium and silicon free soft PVC according to Partex formula.

### Färg
Clear transparent.

### Temperature tolerance
Shape permanence from –30°C to +60°C (–22°F to +140°F).
NB! Only the sleeve.

### Resistance
The product is tested according to Partex Product Test Program by the Swedish Test and Research Institute and has the following test properties:

- Flammability resistance according to UL94-V0.
- Resistant to UV radiation, corresponding to 1 year outdoors in the south of Sweden.
- Resistance to chemicals meets Partex Product Test Program (except for battery acid).
- Resistance to temperature and ageing meets norms of Partex Product Test Program.

For application in hostile environments, please contact Partex for information.

## ORDERING INFORMATION AND PACKAGING
