Product Discontinuation Notice – Hirschmann Wireless Accessories Product Portfolio

Dear Valued Customer,

This letter serves as your formal notification that Belden is discontinuing Hirschmann products from the **Wireless Accessories product portfolio**, effective March 31st, 2025.

In order to meet the latest market and technology trends, Belden is constantly developing innovative and high-quality products and variants that complement and optimize our existing portfolio. Every product has a defined life cycle, and our products are typically characterized by a very long availability on the market. However, product discontinuation becomes inevitable over a period. For example, components in these products may be difficult to obtain or may no longer be available on the market.

Belden has a limited stock of these products to meet demand until the last delivery date. You can find the affected products in the attached list.

The standard warranty terms apply to all products delivered up to the last delivery date. For more information on Belden's Long Term Product Support Policy for Industrial Networking products, please visit [Long Term Product Support \(LTPS\)](https://www.belden.com/ltps). You can find an overview about our product change notices (PCN) and product discontinuation notices (PDN) at <https://www.belden.com/ltps>. Active special contracts in place prior to the announcement date will be honored according to the terms of that contract, with regards to product availability, warranty, or support terms.

Discontinuation Milestones – for selected Hirschmann Wireless Accessory products

Milestones	Date
Discontinuation Announcement Date	March 31, 2025
Last Order Date	September 30th, 2025
